

Phil's Corner

Vol.2

Well, that's the end of the first semester! I was very lucky this semester because all of the students in my classes were very hard-working, polite and friendly. I also met many students who were not in my classes but at the English Cafe and in the ACE Lessons. These students were also very interesting and I really enjoyed speaking with them. I am sure everyone has worked hard this semester and I hope that you have a relaxing and fun summer vacation...and for the students who can't have a laid-back break because they have exams and interviews, good luck!

Phil's Summer Plans

I am going on vacation to Okinawa this summer and I can't wait! It's going to be my first time visiting the place so I am really looking forward to experiencing the beautiful beaches and trying the local food. Some students in the English Cafe recommended things for me to check out in Okinawa, like the *International Street* and *American Village*.

The summer is always exciting as a football (soccer) fan because so many teams buy new players. My favourite team is Manchester United and we have bought some exciting new players so I am excited to watch the Premier League again from the middle of August!

Summer Study Tip!

Of course, you want to ~~NEED TO~~ relax in the summer vacation. BUT, for your English level, it is vital that you still do a bit of studying. Even just 15 minutes a day can help you maintain your level. Why not watch Netflix or Disney+ in English? Or watch in Japanese with English subtitles? You can learn new words and phrases AND enjoy your favourite TV shows and movies AT THE SAME TIME!
